CZECHOSLOVAK WEATHER REPORTS AND FORECASTS  
16 FEBRUARY - 14 MARCH 1952

16 February

Mostly clear in northeastern Bohemia, cloudy elsewhere. Night tempera-  
 tures, in clear areas, minus 8 to minus 10 degrees /all temperatures centi-  
 grade/; elsewhere around minus 6 degrees. Afternoon temperatures around  
 minus 2 degrees. Light breeze.

17 February

Considerable cloudiness with morning temperatures around minus 6 de-  
 grees; in northwestern Bohemia as low as minus 10 degrees. Afternoon tem-  
 peratures around minus 2 degrees. Moderate northerly wind. Tomorrow, de-  
 creasing cloudiness and freezing.

19 February

Scattered moderate evening snow flurries in Bohemia. Morning tempera-  
 tures around minus 5 degrees, in clear localities as low as minus 8 degrees.  
 Afternoon temperatures rising to zero. Mild breeze. Tomorrow, somewhat  
 warmer with increasing cloudiness.

20 February

Partially overcast with early morning snow flurries. Night temperatures  
 as well as day temperatures around freezing. Slight westerly wind. Tomorrow,  
 little foreseeable change.

STAT

21 February

Partially overcast, snow at night changing to drizzle. Night temperatures around freezing, rising to three degrees above during the afternoon. Moderate westerly wind. Tomorrow, slightly colder with showers and snow flurries.

22 February

Partially overcast with scattered rain or sleet. Night temperatures around freezing, rising to 3 degrees above during the afternoon. Mild westerly wind. Tomorrow, very little change in weather.

23 February

Overcast with moderate westerly wind, somewhat clearer in the south. Night temperatures dropping to freezing and below freezing in scattered regions. Daytime temperatures around 5 above. Tomorrow, continued cloudy with little change in temperature.

26 February

Cloudy and overcast, particularly in the northern border region. Night temperatures will drop to freezing and rise again to 4 above in the daytime. Tomorrow, little foreseeable change.

28 February

Mostly overcast with moderate northwesterly wind and occasional snow flurries, turning to rain at lower altitudes. Night temperatures around freezing, rising to 2 or 3 degrees above during the afternoon. Tomorrow, continued decline in temperature.

29 February

Continued overcast with moderate northwesterly wind and occasional light snow. Night temperatures falling to minus 2 or minus 3 degrees and rising again to around 5 degrees above during the day. Tomorrow, little change in temperature.

1 March

Cloudy with snow in Bohemia, changing to sleet later in the day; snow flurries at higher altitudes. Night temperatures around freezing or slightly below, rising to about 4 above by afternoon. Slight to moderate westerly wind. Tomorrow, scattered cloudiness with showers and somewhat cooler.

2 March

Considerable cloudiness during the day with scattered local snow flurries, turning to rain at lower altitudes. Afternoon temperatures 3 to 5 degrees above zero, light to moderate wind. Tomorrow, cloudy to overcast and somewhat warmer.

STAT

4 March

Continued fair with increasing cloudiness in the evening from the west. Morning temperatures around 4 degrees, rising to near 14 above. Slight southwesterly wind. Tomorrow, overcast with chances of scattered showers, somewhat cooler with light to brisk westerly wind.

5 March

Partially overcast during the day, with scattered snow flurries, turning to sleet in the west. Morning temperatures in western Bohemia around zero and in the eastern half of Bohemia, some 2 degrees below freezing. In scattered localities, where the sky is clearer and with some snow on the ground, temperatures will drop as low as minus 10 degrees. Light to moderate northeasterly wind, changing to easterly. Tomorrow, considerable cloudiness and somewhat warmer from the west.

6 March

Mostly cloudy with chances of scattered showers in the west and in Moravia, turning to snow. Morning temperatures minus 5 to minus 7 degrees, rising to slightly above zero during the day. Very light breeze. Tomorrow, somewhat warmer.

8 March

Partially clear with light snow flurries in the mountain region. Night temperatures around minus 8 to minus 10 degrees, rising to around freezing during the afternoon. Moderate easterly wind. Tomorrow, somewhat warmer.

9 March

Almost clear; night temperatures ranging from around minus 10 to minus 15 degrees with light snow. Afternoon temperatures around freezing. Moderate southeasterly wind.

11 March

Overcast with occasional rain; clearing from the west toward evening with freezing temperatures at night, rising to 6 above during the afternoon. Moderate southerly wind, changing to a westerly direction. Tomorrow, continued improvement.

12 March

Predominantly overcast with chance of scattered showers. Partial clearing in Bohemia from the west. Morning temperatures slightly below freezing, rising to about 7 above during the afternoon. Possible light breeze. Tomorrow, cloudy and continued warmer.
